Stirling Youth Centre Closes

The Stirling Recreation Council regrets to announce the closing of the local Youth Centre project which was started last summer to give teen-agers in the community a place to meet and to arrange their own entertainment.

However, the turnout has been so small lately that it has been considered unnecessary to have quarters open for meetings or get-togethers.

Lack of interest by the teen-agers of Stirling and district is probably due to school activities and winter sports.

If, in the future, there is a revival of interest, and a need, indicated by the teen-agers, the Stirling Recreation Council will be very pleased to meet again with them regarding the necessity of a Youth Centre.

Future Generations

Will all Senior Citizens come to the meeting on January 8th to compare waistlines after the Christmas festivities. Don't lace, folks — let her bulge.

This is a free week, so let's talk about what is going to become of the future generation. Dis Ole Scribe thinks a few are nuts, but that the most of them are the greatest. Think, folks — Did you ever know of so many groups singing from door to door as there were last Christmas week? I think our home's greatest thrill of 1969 was when a group of angelic faces and voices, led by Mary Dracup, appeared at our door and sang us the Christmas message. The village was full of such groups all week, and who were they? Our future generation. They cheered the sick, the aged and all communities with Christmas songs. So please, don't criticize our youth. Appreciate and love them.

So — What's going to become of the future generation? They'll be just like us — They'll likely grow up and get married and raise a family and then, they too, will wonder — What's going to become of the future generation.

How Sad The Heart

HOW SAD THE HEART
This dismal day when we destroy
The Christmas tree that brought such joy;
The one we chose with loving care,
When Christmas carols filled the air.
The day we tramped through fields of snow,
And watched the children's faces glow.
But now all signs of Christmas cheer
Are gone . . . for yet another year.

HOW SAD THE HEART
The yuletide log no longer burns,
Man's inhumanity returns,
With hate of race and hate of creed,
And violence and war and greed,
That having rested for a while,
Resume their old familiar style,
And poverty and want and fear,
Are back . . . for yet another year.

HOW SAD THE HEART
No tinselled pine to welcome all,
Who, passing by, may wish to call,
No Christmas stories, often told,
But never, never growing old;
No mailbox bulging at the ends,
With cheery cards from long lost friends.
Instead, a stack of bills appear,
To pay . . . for yet another year!
HOW SAD THE HEART!

FREDERICK MACK

A funeral service for Frederick Mack, who died in Belleville General Hospital on Dec. 19, was held from Howden Funeral Home, Marmora, to Springbrook United Church on Monday, Dec. 22. Rev. W. C. Cox officiated.

Formerly of Springbrook, Mr. Mack had been living at the Hastings County Manor for the past 2½ years. In his 81st year, he was the son of the late Daniel Mack and the late Ruby Fry, and was born and educated in Rawdon Township. He spent all his life in that area, and was a retired farmer. He served overseas in the first World War, and was a member of LOL 442, Springbrook.

Predeceased by his wife, the former Hazel Wright, he leaves two sisters, Mrs. Mary Boyd, Scarborough and Mrs. Stanley (Elsie) Knight of Woolsey, Sask., and one brother, Willoughby, of Hastings County Manor. He was predeceased by two brothers, Charles and Alvy, and one sister, Ethel.

Mr. and Mrs. Arthur Burkitt Mark Diamond Wedding Anniversary

Mr. and Mrs. Arthur Burkitt of Bonarlaw received scores of guests Saturday as they observed their 60th wedding anniversary. The couple were married December 29th, 1909 by the late Rev. W. H. Clarke, of Rawdon United Church. The bride was the former Lena Reid of Harold.

More than 50 guests attended the family dinner at St. Mark's Anglican Church in Bonarlaw and the couple received many gifts including a money tree from the family and various presents from the grandchildren.

Hastings riding M.P.P. Clarke Rollins arrived to congratulate the couple and presented them with a framed scroll on behalf of Premier John Robarts and the Ontario Government.

One of those attending the anniversary observance was Mrs. Lou Green, a sister of the bride, who was the bridesmaid at the wedding 60 years ago.

The couple have six children, William and Gerald of Bonarlaw, Reginald of Petherick's Corners, Mrs. Ross Dickie (Mabel) of Bonarlaw, Mrs James Meneeley (Margaret) of Oshawa and Mrs. Harry McAdam (Gladys) of Mount Pleasant.

Following their marriage, the couple farmed until 14 years ago when they retired and moved to their present home on the 12th concession of Rawdon Township, a short distance from the original homestead.

Both enjoy good health and take an active part in the life of the community.

The couple cut a large three-tiered anniversary cake, which was served to friends who came to call. Guests were present from Howich, Quebec, Toronto, Hamilton, Picton and many other points.

IT'S COMING

Savandrola's Calendar for Jan., 1970

Oh, January's winds are cnill,
'Tis snow and cold on vale and hill.

The Jews and Arabs cause concern;
They pillage, plunder, kill and burn.

In the U.S., the middle states,
With tornado, flood and quakes are raked.

Chicago finally takes the lead,
As Robert Hull regains his speed.

In India a riot spreads,
With many natives losing heads.

Now strikes and unemployment grows
In Canada to bring new lows.

A message comes from outer space,
But few will recognize its face.

The New Year makes the market soft,
Nothing to keep the stocks aloft.

Christmas goodwill is last year's hash;
It's dog eat dog for ready cash.

The snowmobile will take its toll,
As it plunges over lake and knoll.

Cherrio 'til Feb.

Mount Pleasant

(Mrs. Percy MacMullen)

The New Year of 1970 has arrived with cold, sunny weather. Several folks enjoyed New Year's Eve parties and others visited relatives on New Year's Day.

At Christmas, many of the folks here entertained their families from far and near. Several others travelled to Kingston, Oshawa, Toronto, Campbellford, Peterborough, Marmora and other points to spent the day with relatives. We hope you all had a Happy Holiday and that your New Year may have a abright future for health and happiness.

As your Mount Pleasant correspondent, I have completed fifty-seven years and I wish to express thanks for your co-operation. I hope to continue writing this column for 1970 and, if you are interested, I would appreciate having your news.

On Sunday evening, December 21st, the Sunday School sponsored a Christmas Concert in the Church Hall with a large number in attendance. The children presented a programme of interest.

A former editor of the Stirling News-Argus, A. E. Dobbie, has retired as publisher of the Smiths Falls Record News. Gus has been half a century in the weekly newspaper business. His friends in the Stirling area extend best wishes for the future.

Mr. Mac Sharp returned home on Tuesday, December 30th. He underwent an appendectomy in the General Hospital, Belleville, on Wednesday, December 24th.

Mr. and Mrs. Percy MacMullen attended the funeral of their cousin, Clarence Wallbridge, at the Curtiss-Brett Funeral Home, Havelock, on Saturday, December 27th. Clarence died Christmas Day in his 59th year. On Sunday, December 28th, they attended the funeral of their nephew, Mark Montgomery, at the Rowe Funeral Home, Frankford. Mark was injured in a car accident on New Year's Day, 1969, and never recovered.

THE BIBLE TODAY

Bible Society Colporteur Issa tells of a very satisfactory encounter:

"When we got to the village in the mountains I saw a group of people coming out of the mosque after midday prayer with the white bearded sheikh among them. I greeted them and showed my books to the sheikh who asked me questions about what was in them. When I told that they were the Holy Scriptures he immediately took the largest Bible from my stock and held it up to his forehead as a sign of respect. He then passed it to those around him inviting them to do the same and to buy as many copies as they wanted. That day I sold all the books I had with me. Those who didn't have enough money with them gave me eggs, bread, wool, sheepskin or goatskins which they brought from their homes."

Mr. and Mrs. Frank Heagle Celebrate Golden Wedding

January 1st, 1970 has a special significance for Mr. and Mrs. Frank Heagle of RR. 5, Campbellford. It is not only New Year's day but also the couple's 50th wedding anniversary.

Mr. and Mrs. Heagle were married on New Year's day 1920 at the bride's home at Sine by the late Rev. James Batsone, assisted by the late Rev. M. L. Hinton. The bride of 50 years is the daughter of the late Mr. and Mrs. C. M. Sine of Sine, just north of Stirling. The groom is the son of Mrs. A. Heagle and the late Mr. Heagle. Mrs. Heagle was on hand Sunday to celebrate the anniversary with her son and daughter-in-law.

The couple have two children a son Gerald of Campbellford and a daughter, Mrs. Sidney MacDonald (Muriel) of Huntsville. There are six grandchildren.

More than 150 guests called on the couple when an open house was held Sunday afternoon at Hoard's United Church. Among the callers was Russell Rowe, M.P.P. for Northumberland riding, who presented the couple with a scroll signed by Premier John Robarts on behalf of the Ontario Government. A letter of congratulations was received from the Hon. Robert Stanfield, Leader of the Opposition, from the Hon. George Hees, M.P. for Prince Edward-Hastings and a telegram was received from Prime Minister Trudeau. Mr. and Mrs. Heagle also received scores of cards and gifts from their family and friends.

Also among those who attended were Mrs. Stanley Coon, who was the bridesmaid 50 years ago, and Mrs. Sam Nicolson, who played the wedding music.

The couple farmed at R.R. 5 until a few years ago, and while they still do a few chores around the farm, they consider themselves semi-retired.

Given in marriage by her brother, Mr. Arthur Davidson, the bride wore a white peau de soie A-line gown with train falling from waist, wrist length sleeves and stand-up collar trimmed with Venus lace. Her shoulder length veil fell from a headpiece of chrysanthemums and she carried a nosegay of red roses.

Mrs. Basil Lott was matron of honour, Miss Bonnie Forestall was bridesmaid and Miss Wanda Davidson was junior bridesmaid. All were attired in A-line gowns of antique coral crimplene trimmed with sequins. They carried nosegays of white 'mums. Body Repairs Damage

Quitting smoking is good for your body — no matter how much you smoke or how old you are, says the federal department of health.

The body starts to repair damage associated with cigarette smoking when the habit is discontinued. If disease has not already developed, gradual improvement occurs when one stops smoking.

The danger of early death from a heart attack, lung cancer, chronic bronchitis or emphysema, cough and shortness of breath can be lessened by giving up the habit.

IN MEMORIAM

ANDREWS — In cherished memory of my dear husband, Russell, who passed away suddenly five years ago, January 1st, 1965.

Five lonely years have just gone by,
To speak my thoughts, I do not try.
God took your hand, we had to part.
He eased your pain, but broke my heart.
It's not the tears I shed at the time
That tells of a heart that was broken.
It's the quiet tears in the after years
That are shed for words left unspoken.
As days turn to weeks, and weeks turn to years,
Still I remember with quiet tears.
For memories are like the stars that shine,
Made to last till the end of time.
— Ever remembered and sadly missed by his wife, Luella. 1-1p

ANDREWS — In loving memory of a dear Father and Grandfather, Russell Andrews, who passed away January 1st, 1965.

God looked around His Garden
And found an empty space,
He then looked down upon this earth
And saw your tired face.
He put His arms around you
And lifted you to rest.
God's garden must be beautiful,
For He only takes the best.
— Lovingly remembered by Shirley, Ray, Cheryl and Billy. 1-1p

ANDREWS — In loving memory of a dear father and grampa, Russell Andrews, who passed away, January 1, 1965.

Deep in our hearts lies a memory
More precious to us than gold.
It's a picture of a dear dad and grampa,
Whose memory will never grow old.
A wonderful dad and grampa gone to rest,
For each of us he did his best.
His love was true, his heart was kind,
A better dad and grampa none could find.
For precious things are always few,
So that is why there was just one of you.
— Lovingly remembered by Doug., Mae, and grandsons, Ronnie and Wayne. 1-1p

McCOY — In loving memory of a dear mother and grandmother, Mrs. Margaret McCoy, who passed away one year ago, January 2, 1969.

A wonderful mother gone to rest,
For all of us she did her best.
Her life was unselfish; for others she lived,
Not for what she received, but for what she could give.
Mother, may you rest in sunshine,
And God's love around you flow.
Just some thoughts from those who loved you,
Just some memories fond and true.
In our hearts you will live forever,
Because we thought the world of you.
— Sadly missed by daughter, Marion and son-in-law, Doug. Morton, and grandchildren, Janice, Cheryl and Jeffrey. 1-1

THE CHECK-UP

Two of our fairest damsels, Dorothy Bell and Martha Wood, scored a big hit with the nice lunch they served to the Senior Citizens last Thursday. About 35 were present to enjoy it and all reported that they had enjoyed a lovely Christmas.

Cecil Nelson, thinking an ordinary tape not long enough for an after-Christmas check, sent us one nine feet long. It is a cow tape. On the reverse side, opposite the girth measurement, is an estimated weight. Dis Ole Scribe enjoyed guiding the tape around the various curves and in some cases he might have got it over the curves, but as he sees it, providing the tape is accurate, we have got some pretty husky heifers and a bunch of pot-bellied steers in our Club. The result — 32 per cent normal; 60 per cent plump and 5 per cent ready to ship.

Past Pres. George seemed to be feeling his oats. He reminds me of a volcano. You never know when he's going to be in a state of eruption. Maybe I should have said corruption for he told us a story that was — well, it was funny. We do not print all that goes on behind our "iron curtain" and for this column's sake, perhaps it's just as well.

Let's put it this way. We sure have lots of fun.

Cooper Elaines Win Twice

The game was won in the closing minutes when Cooper Elaines of the Trent Valley Hockey League scored two quick goals to defeat the Frankford Hawks 7-5. The fast, hard skating game took palce before an enthusiastic crowd at the Cooper arena on Dec. 28.

The Hawks took a 2-0 lead early in the first period before Cooper could organize their play. The Elaines then put on the pressure and tied the score by the first bell.

One goal apiece in the second period left the score 3-3.

The third period saw fast skating by both teams with the score 5-5 by the fifteen minute mark. Then the Elaines put in an extra effort and netted two unanswered goals to end the game 7-5.

Scoring for Coopere were: Gene Francis with 3, Richard Chapman with 2, and Jerry Chapman and Glen Graham each with a single.

Defeat Tweed

Last Sunday night, the Tweed Merchants visited the Cooper Arena to be defeated 9-5. Although a smaller crowd than the previous game, they were much noisier as they were entertained throughout with many fine plays and excellent scoring opportunities thwarted by Don Brady in the Cooper net and Larry Charleton for Tweed.

The Merchants were on the score sheet in the first 15 seconds of the game with a quick goal. Then Cooper evened it up at the ten minute mark with a fine play by Bill Walker. Tweed again went ahead by one goal on a deflection shot from the point before Dale Graham tallied one to tie the score 2-2 at the end of the period.

The second period ended 4-4, Terry Chapman and Clayton Whiteman being the marksmen for Cooper.

In the final period, excitement mounted as both teams pushed for the win. But Tweed managed only one goal as the Elaines outplayed them to score 5 more by Terry Chapman with one, Jerry Chapman with two, and two singles by Bob Chapman and Lloyd Watson.

Reports from the spectators indicated that this was the best game to watch this year.

These wins give Cooper Elaines 10 points and second place standing in the league with 3 wins over the Tweed Merchant and 2 wins over the Frankford Hawks. Bancroft have won 3 out of 3 over Cooper.

Cooper Elaines is sponsored by the Elaine Footwear Stirling.

And then there was the high class plumber who never made house calls.

How much home are you missing through outdated wiring?

When this house was built it was hard to imagine all the wonderful ways in which electricity would be serving us today. That's why the wiring in so many older homes just isn't adequate for today's needs.

There are many signs: Fuses blowing. Lights dimming. Appliances performing sluggishly. Cluttered extension cords. Not enough outlets.

So, if you're planning to modernize your home, think first of the wiring. Have a qualified electrical contractor check it. You'll be surprised at how easily and inexpensively it can be updated. Or just ask your Hydro.

What is with the family concerns the individual, our feelings of respect and good will toward our neighbour and our community. The fruits of "What Is With The Family", begins in one's household, where problems are to be solved in the sensible way, so the fruit harvest of good living together goes out with you to mingle with the people around you. "By these fruits we shall know them". What is with the family: the open door to welcome others to join in fellowship with the family.

Those taking part in this most interesting topic were Mrs. Violet Rose, Mrs Bruce Small, Mrs. William Morton, Mrs Bert Jones ,Mrs. Elwood Bateman and Mrs. Ted Reynolds.

The meeting closed with prayer by the presidght. A dainty lunch was served by Unit 2 during the social hour.

St. Andrew's Presbyterian Women

The January meeting of St. Andrew's Presbyterian Women was held at the Church on Thursday, January 8th, with the president, Mrs. Don Fargey, presiding.

The hymn, "Standing At The Portal of the Opening Year", was sung, followed by a poem pertaining to the New Year, by Mrs. Fargey.

The roll call was answered by 14 ladies. The minutes and correspondence were read by Mrs. K. Tompkins, stressing that attention be given to the meeting on February 4th, at St. Columba Presbyterian Church, Belleville, of the Kingston Presbyterial. The discussion on the future day of the meetings, resulted in staying with the present arrangement.

Mrs. S. Boyce gave a very interesting report on visiting that she and Mrs Tummon had done in the past month. Mrs. K. Ray and Mrs. C. Montgomery were appointed to this duty for the next month.

Mr. R. Eggleton reported on the bale, consisting of 17 boxes of various things collected that she and Mr. Eggleton had delivered to Evangel Hall, Toronto.

Mrs. K. Ray and Mrs. C. Montgomery had attended to the purchasing of a pulpit lamp and had it on display.

The offering, collected by Mrs. J. Johnston was dedicated by Mrs. Fargey.

Miss Gena Spry conducted the remainder of the meeting. The hymn, "At Thy Feet, Our God and Father", was sung, followed by a reading, "Prayer for the New Year", by Miss Spry. Mrs. J. Johnston read the Scripture lesson from 2 Corinthians, chapter 9, beginning at the 6th verse. She also commented on the beginning of a new year, the opportunities it gives us as Christians. Mrs. R. Eggleton offered prayer. Mrs. MacPherson gave a reading, "The Message of a New Year", and Mrs. Tompkins a reading, "A New Year at the Gate".

Mrs. D. Fargey gave some comments on articles she had read in Glad Tidings . Resolution-wise, we could try a little harder in many ways to put more into our organization; show more interest in prayer, people and programmes. We should always be aware of others' needs and get involved in them. We must try to win the world for Christ. She referred to Jesus' words, "Go ye, into all the world and preach the gospel to every creature". There are mission fields both near and far needing assistance. Mrs. Fargey mentioned a few interests taken in under mission work — Help to Indians in Canada, machinery sent to overseas countries, inner city work such as that at Evangel Hall, Toronto. She finished by reading the purpose of the Presbyterian Women from the Hand Book.

Miss Spry thanked all assisting on the programme and closed with prayer.

A delicious lunch was served and Mrs. L. Dafoe voiced thanks to the ladies in charge.

No Generation Gap Here

Maybe this seems a strange title for a bowling report, but today with all the talk about the generation gap, if you had dropped in at the Stirling Bowl-O-Drome on the past two week ends, you would certainly have seen just the opposite. It was the annual Youth Bowling Council "Family Twosome" tournament. Each Y.B.C. bowler brings along a partner to vie for the crests given to both boys and girls and their partners in each of three categories — Bantams (12 and under), Junior (15 and under); and Senior (20 and under) as of Sept. 1, 1969. They came with mothers, fathers, aunts, uncles, cousins, brothers, sisters, brothers-in-law, and godparents. It took 2 Sunday afternoons to accommodate them all. Each Y.B.C. bowler was given his or her regular league handicap but their partners received none. They bowled three games with the greatest total pinfall for each set of partners in each category being declared the winners.

Bantam Girl — Debbie Montgomery and mother, 1083; a very close competition with Dianna Barrie and mother, 1079.

Bantam Boy — Paul Scea and father, 1274.

Junior Girl — Susan Wright and father, 1181.

Junior Boy — Roger West and mother, 1360.

Senior Girl — Linda Wood and brother, 1157.

Senior Boy — Dan Beith and brother, 1363.

It was pleasant to hear the Youth Bowlers thanking their partners at the end of the competition and everyone commenting on how much they enjoyed it. On behalf of the Youth Bowlers, as their supervisor, I would also like to add my thanks to the adults who turned out to make this event such a success.

New Telephone Directories

The 1970 Belleville - Trenton directory was shipped from Montreal today. Bell manager, Bob Carleton, said over 82,000 have been printed in all.

Changes in this year's directory are listings of new service numbers. For Picton, repair service is 4104, formerly 114, and directory assistance is 411, changed from 113. These number changes will become effective January 9.

Belleville will receive about 24,350 of the directories with 11,810 going to Trenton and 5,290 going to Picton.

The directory's cover design is rich in reds, greens, and blues. The word "telephone", in computer typeface, is repeated in a square design that funnels to infinity. There are 132 white pages in this year's directory with yellow pages for Belleville totalling 72, 24 for Picton and 52 for Trenton.

Inside the front cover, the popular emergency finder has been retained. There is also a page for frequently called numbers. Mr. Carleton advises residents to update their lists when the new directory arrives.

Mr. Carleton said if customers have not received their new directory by January 21 they should phone the Business Office to order one.

Obliging

The homeowner was delighted with the way the decorator had painted the interior of his home; so delighted in fact that he gave the man an extra ten spot and said, "Here take the missus out to-night."

That evening the bell rang and the painter stood at the door all dressed up. What is it?" the home owner asked. "Did you forget something?"

"No", replied the painter, "I just came to take the missus to a show."

Stirling and the Ontario Department of Agriculture and Food

(by Stephen Patrick)

There can be no denying that from the early days of the village to the present, Stirling has been very dependent on the agriculture of the surrounding area. Perhaps it was appropriate that Stirling should have been chosen to be the location of the Hastings County Extension Branch Office of the Ontario Department of Agriculture and Food.

Originally, there were no plans for a well-equipped office like that at 234 North Street. In fact, it was a committee of interested citizens most of them members of one of the school board, horticultural society, agricultural society, or village council, that went to the county council in 1909, and requested that agricultural courses be held to aid the rural population. The county council went to the Department of Agriculture and an agricultural representative was appointed for the county.

The first agricultural office in Stirling was located by the corner of Front and Henry Streets, and the agricultural courses, on such topics as the production and management of apple orchards were taught at the old theatre building. Other courses dealt with drainage, farm management, feed, and insect and pest control.

The first agricultural representative for the county, whose duty it is to co-ordinate the agricultural endeavours within the county, was A. D. McIntosh who served in this capacity from 1910 to 1921.

The names and periods of office of his successors are: Ray Atkins, 1921-1928; Joseph Wilson, 1928-1937; H. L. Fair, 1937-1947; A. O. Dalrymple, 1947-1957; Sidney MacDonald, 1958-1964; and at present, Mr. W. D. Tipper who has served as agricultural representative since 1964.

It may be interesting to note that one of the early duties of the agricultural representative was to care for a model apple orchard. He was also equipped with a "motor car" and was provided with livery for the winter months while the "unreliable" horseless carriage was stored away.

The Extension Branch of the Ontario Department of Agriculture and Food is that branch dealing with those whose way of life is agriculture. There is an office for every county in the southern portion of the province, and for every district in the north.

The staffs of these offices have been enlarged as the demand for more information and assistance has increased. The staff at the Hastings County Extension Branch Office now includes Mr. W. D. Tipper as Agricultural Representative, Mr. T. W. Martin as Associate Agricultural Representative; Mr. R. B. Pender, the Extension Assistant, who works with the 4H'ers, the young people of the county; Mr. Don Presant, the agricultural engineer who handles the engineering problems such as buildings, drainage and machinery; and permanent secretaries, Mrs. H. M. Wood and Mrs. A. Fraser. The office also employs three part-time secretaries.

Mr. Clayton Hall, counsellor for ARDA (Agricultural Rehabilitation and Development Act), is concerned mainly with farm enlargement. For example, ARDA will buy marginal farms and lease them to nearby farms. This organization is also trying to upgrade the education of farm people. For example, there are about 40 people registered in a "farm business" course at Napanee.

The general aim of the rural-oriented Extension Branch is to provide information and assistance for farmers and farm communities. To achieve this end, it is necessary that the professional staff at the branch offices take "in-depth" courses so they can keep up to date and thus serve the public to the best of their ability.

The trends in agriculture today are toward bigger farms, and toward better farms. "Better" means more productive, and "better before bigger" is a general motto for many Extension Branch personnel. However one of the most common problems in giving assistance is that the farmer must realize his needs and come to the Extension Branch on his own initially.

To try to overcome this problem, the Hastings County Office hopes to send out a calendar in 1970, to be sent out every three months or so, with information on such matters as dairy programs and farm management. The mailing lists will be cut down as personal interests are discovered, so the initial mailing will be, the largest. If you receive one, and wish to keep receiving them, let the office know of your interest.

One of the people affected by the Extension Branch is the homemaker, for the Extension Branch works in conjuction with the Home Economics Branch in establishing and maintaining girls' homemaking clubs. The County Home Economist is Miss Mary McEarchern.

No matter how you look at it, the Extension Branch serves you. Why not drop in some time at 234 North Street and see if they can solve some of your agricultural dilemmas?

Your Weekly Smile

Wife — angrily — during argument: "You've never done anything right in your life! Why, you were even late for our wedding!"

Husband: "Yeah, but not late enough!"

SITTERS AND SETTERS

The Senior Citizens are happy to report that John Holmes is home from the hospital and gradually getting over a serious operation. Keep your chin up John and keep smiling, we'll be happy to welcome you back among us soon.

We are also happy to report that Lily Spry is nicely recovering from her recent illness.

Our thanks to Florence Hough and Jessie Johnston for serving a nice lunch. H. C. Martin presented us all with an almanac for our pleasure. These are a source of interest, valued information and fun. We all appreciate your thoughtfulness Harold.

After two hours of patience and six piper of tobacco, Murn Stapley succeeded in repairing several broken chairs. They are now ready again for sitting or setting. Murn who knows his hens and certainly likes his eggs, was asked which was correct: "The hen is setting" or "the hen is sitting"? He said, "That ain't what interests me." "What I want to know when I hear her cackle, is whether she's laying or lying".

Old age is grand and yet I know of a few folks who have no respect for age unless it's bottled.

Friday Night Mixed Bowling League

Come on Swingers, let's start swinging. It seems for the last three weeks we seem to be promenading instead of swinging. Let's go, we seem to be stuck on 40 points. The Jets really went to town last week and marched away with seven points, giving them a total of 48. The Hot Shots are really fighting for top place, they took 5 points away from the Flyers, making a total of 63 points, just 10 points behind that flying top team.

Verna Woodbeck still holds the high average of 207 for the ladies and Ray Poste 238 for the men.

The Wilsons are really bowling lately, I think it's a race between father and son. Jack had a real good night, games of 256, 252 and 243, coming up with high triple of 751; but Barry Wilson was right after him with games of 217, 249 and 238, ending up with a triple of 704. Good bowling.

In the ladies' section, Rosa Spry had high triple of 636 and Delia Reichert high single of 282.

Other good games were John Reichert 297 high single for the men for the night; Robert Sararas 234; Ralph Scea 244; Hilda Rose 214; Ivy Poste 213; Ray Poste 276 and 288; Doug Scea 227; Irene Lippert 241; Peter Lippert 267; Rosa Spry 232 and 227; Bill Reid 251 and Betty Faulkner a triple of 560 and single of 246, being both high scores for the "B" group.

Laurel Rebekah Lodge News

The regular meeting of Laurel Rebekah Lodge, No. 211, was held on Tuesday, January 13th in the IOOF Hall, Charlotte Street, Stirling, with the Noble Grand, Sis. Eileen Woodcox, presiding.

The sick convenor, Sis. Kathleen McMullen, Vice-Grand, reported a lengthy list of sick members — cards and treats had been sent and as many as was possible had been visited.

Sis. Verna Woodbeck, P.N.G., was appointed to convene the catering for the 4-H Club banquet on February 3rd and several members volunteered to assist.

Plans for the catering to the Masonic Ladies' Night banquet on February 21st will be discussed at the next meeting.

Staff Captain, Sis. Lillian Johnson, P.N.G., asked that all the Staff members be present at the next meeting, especially the Guard of Honour, to practice after the meeting for the visit of Sis. Sally Laidlaw, President of the Rebekah Assemby of Ontario, in March.

After the business was attended to, the members adjourned to the Banquet Hall where Sisters Isabel Good, P.N.G., Doris Sine and Bessie Patterson, had delicious refreshments waiting to be enjoyed. A vote of thanks was extended to these Sisters by Sis. Ethel Duffin, P.N.G.

A Statement From Reeve Rodgers On Minor Hockey Week

Reeve D. W. Rodgers is again calling upon all citizens to support Minor Hockey Week in Canada, which starts Saturday, January 24th.

In announcing his support of young Canada's most important week, Reeve Rodgers suggested that the local citizenry would "do well to 'keep in step with Canada' by attending minor hockey games this week."

"It is our duty, and I share it with every local citizen" he said, "to show our appreciation of the efforts of those who make participation in Canada's National Sport possible for our youngsters. Minor Hockey Week is Canada's most successful amateur sports promotion, and it is our duty to see that the local observance is equal to that of any in Canada."

The Reeve pointed out that we have a minor hockey program operating here that does not need to take a back seat to any in the country, but, he said "it needs support."

"The best way to support the program is by buying a ticket. That starts a chain of events that really supports the local project First the money helps finance the program. Then the ticket induces us to attend, and our presence encourages the youngsters and those whose efforts are necessary to success of the local league."

He urged, however, that our support should not stop at encouragement. The Reeve went on to say that "we must pay public tribute to the men, and ladies, who spend so many hours organizing and operating the many leagues and games for our youngsters. By their work they are providing our youngsters with an opportunity to play hockey. Out of this comes better bodies, healthier minds, better boys and better citizens. What greater reward can we hope for?," he asked.

He did, however, go on to voice another hope — that one day, one or more of our boys may make the Canadian National Team, and thus represent our town and our league on the National team as it carries the name of Canada into international competition. "Then we shall have just reason to be proud of our town, our boys, and of the men who made it all possible."

The Reeve concluded by saying "Because participation in Canada's National Sport provides healthy, exercise that will improve the body, discipline that will train the mind, teach co-operation, team-play and a respect for rules, the boys are sure to benefit. When the boys benefit, the community benefits, and because the community benefits, the community must contribute. We do this best by supporting Minor Hockey Week. I can suggest no better way than by obesrvance of the official slogan, which is 'don't send — take your boy to the arena', and if you do not have a boy of your own, drop in and watch others. I know you'll enjoy it."

Song of The Farmer's Lazy Wife

The Farmer has such an easy life,
Away in the country, free from all strife.
With all that sunshine and fresh air,
With never a worry or a care.
They go to Town every rainy day,
And live it up so some folks say.
It's their living expense that amazes me,
I've been told they get most of it free

The vegetables grow there by the ton,
While they go to the beach and relax in the sun.
And good old Elsie the contented cow,
Gives them lots of milk and you know how.
The hens lay eggs so nice and clean,
If you've gathered eggs you know what I mean.
And should they get lazy, or go on strike,
It's chicken and dumplings, or roast if you like.

Now beef costs a farmer nothing at all,
They're out on pasture from Spring until Fall.
Just kill one and dress it with the greatest of ease,
Then wrap it up neatly for the deep-freeze.
There's bacon and ham which many enjoy,
It's source is no trouble, and does never annoy.
And "butter and cheese" well they get these free,
From "the cheese factory" and "the creamery."

For their produce they get the highest price,
To them the government is always nice.
And every month send a subsidy,
Their income tax is exemption free.
Most farmers are such an "uneducated" lot,
They don't realize all this "free", stuff they've got,
So if you want to see "joy", kindle a farmer's eyes.
You folks with the knowledge, just put them wise.

Complete Meals To Have Separate Bills

Beginning December 1st 1969, each complete meal served in restaurants, etc. must be identified separately on the bill in a manner acceptable to the Retail Sales Tax Department. At same time the Department has relaxed the requirements applicable to caterers so that no tax will be collected on individual meals sold for $2.50 or less, and individual meal checks will no longer be required.

In announcing this change in retail sales tax requirement the Hon. John White, Minister of Revenue, gave the following explanation.

"With the introduction of The Retail Sales Tax in 1961, Ontario adopted the method by most other jurisdictions on this Continent, wherein the taxable status of a meal was determined by the total on each check. This procedure caused relatively few difficulties while the exemption remained at $1.50 per meal and the tax rate at 5 per cent. When the rate was increased to 10 per cent and the exemption was raised to $2.50 the need for separate checks became more apparent and this resulted in embarrassment to the customers and more work for the vendors.

To eliminate these troublesome aspects we are going to break with tradition and introduce a completely new and flexible concept with the object that only those meals exceeding a value of $2.50 will be taxed, which is the intention of the legislation. To accomplish this, each complete meal must be identified separately on the bill in a manner acceptable to the department. Three acceptable methods are illustrated in Vendor Information Service Bulletin No. 69-3, which will be in the hands of all vendors."

At the same time, changes have been announced for Retail Sales Tax regulations affecting bazaars and rummage sales.

At one time these sales were exempted from retail sales tax completely but this exemption was exploited to the extent that some control became necessary to protect legitimate commercial outlets.

This control was achieved by restricting the exemption to those bazaars and rummage sales held by religious,, charitable or benevolent organizations at which the total receipts did not exceed $500.

Experience has proven that this amount is now unduly restrictive to those charitable activities which are increasing each year in this province in number and in volume of sales. For that reason the exemption was raised from $500. to $5000. of total sales.

This change became effective on December 1st, 1969.

A pig and a chicken were strolling down the highway talking when they spotted a sign: "Ham and Egg Dinner."

"How nice," exclaimed the chicken. "They are advertising our coming."

"Wait a minute," growled the pig. "Your part in this is just a token contribution. For me it means total involvement."

The young woman was breezing along in the left-hand lane when suddenly, and without warning, she made a sharp right turn and almost slammed into another car.

"For Pete's sake, lady, why didn't you signal?" yelled the other driver.

"Don't be ridiculous," came the indignant reply. "I always turn at this corner."

McIntosh -- David Wedding

Recently at Mount Pleasant United Church, Nancy Lenora, daughter of Mrs. Ira David, of Mount Pleasant, and the late Mr. David, was united in marriage in a double-ring ceremony to Arthur Ross, son of Mr. and Mrs. Donald McIntosh, of Stirling. The Rev. W. C. Cox officiated and Mrs. Mac Sharp was organist.

Given in marriage by her uncle, Douglas Smith, of Ottawa, the bride wore a Victorian gown, floor-length, of white chiffon and velvet with a veil of chiffon and lace. She carried a bouquet of pink sweetheart roses.

The matron of honour was Mrs. Louis Cote, of Ottawa. Mrs. James Haggerty and Mrs. William Hale were bridesmaids, while Miss Deborah David, sister of the bride, was junior bridesmaid. They wore dresses of mauve chiffon and purple velvet and they carried yellow carnations crested on white Bibles.

Robert McIntosh, Stirling, was best man for his brother. The ushers were Donald Armstrong and Brian Cooke.

After a reception in the Church Hall, the couple left on a wedding trip. For travelling the bride wore a brown and green tweed cape suit.

Mr. and Mrs. McIntosh will reside in Belleville.

Shower Party For Mr. and Mrs. Fred Heasman

On Saturday evening, January 17th the River Valley community and Institute members tendered the newlyweds Mr. and Mrs. Fred Heasman (nee Judy Cosbey), a shower party in the River Valley W.I. Centre.

Jack Bush was chairman for the occasion and led in the assembly singing. Mrs. Philip Conley was pianist and she also accompanied the violin music.

Brian Cosbey contributed several accordion selections. Johnny Bush gave his speech on "The River Valley Community" which he had given previously at school. Glenn Morrow and Norman Rosebush each provided violin music. Robert Cosbey rendered piano and harmonica music.

John Craighead showed slides of the Heasman — Cosbey wedding at Springbrook and also scenic views of their trip last year when he and Dorothy visited the East coast, Cape Breton, Maine and other American points. In all they travelled twelve hundred miles.

Greetings were expressed by Mr. and Mrs. Robert Cosbey, George Heasman and daughter Mrs. David Little.

Fred and Judy were given seats of honour and Harold Bush read an appreciative address which welcomed the bride to River Valley.

The presentations of two matching electric table lamps, a wool blanket and other gifts was made by Glenn Bush, Hadley Richardson and John Craighead.

Judy was pleasantly surprised with a lighted birthday cake and all sang in her honour.

The recipients graciously voiced thanks for party and gifts and invited the group to visit them in Fred's former old home in the Valley.

The committee in charge served refreshments which included the birthday cake. At the close of the social hour the group voiced their personal best wishes.

The guests included the bride's grandparents Mr. and Mrs. William Rose, of Bonarlaw, the groom's two sisters, Mr. and Mrs. Cameron Sine and family, Mr. and Mrs. David Little and family and the Cosbey family.

There is a new reducing drug — sulfa-denial.

The Canadian-United States boundary is 3,989 miles in length. Only one-third of Canada's total area has been brought under development. About 24% of the total area is classed as productive forest land and about two-thirds of this is accessible.

Do You Remember?

— TWENTY-FIVE YEARS AGO —

ISSUE JAN. 18th, 1945

Lieut. Dick Chard, River Valley, was honoured recently when Her Royal Highness Princess Elizabeth, who is Honorary Colonel of the British Grenadier Guards of which Dick is a member, entertained six of the officers. Dick was very lucky to be one of the six chosen to the informal dinner party at Windsor Castle.

Fred Wilson, Reeve of Sidney Township, was elected Warden of Hastings County at the inaugural meeting held this week.

At the inaugural meeting of the Stirling Hydro-Electric Commission Roy Eggleton was chosen as chairman.

George Richardson, Stirling passed away on Monday, in his 84th year.

IT'S OUR TOWN

(by Savandrola)

Ah little Home like Stirling village
Surrounded by rich fertile tillage.
Nestling 'neath the Oak Lake hills
A country spot 'midst trees and rills
A cross section of this vast globe;
A place where people make adode.

A heritage, a wondrous spot
Where good abounds as to their lot.
Of course some bad and indifference too
But in any place you find this true.
Births, deaths and marriages abound;
Here the same universal laws are found.
Riches, poverty, love and hate,
The same conditions of any state.
It's your abode and you must strive
To keep man's faithful hopes alive.
So always boost your own home town;
It never pays to let it down.

River Valley W.I.

Mrs. Harry Morrow was hostess on Thursday, January 8th for the regular meeting of River Valley Women's Institute. There were twenty-five adults and two pre-school children in attendance.

The President, Mrs. Roy Tucker, opened with the Institute Ode and Mary Stewart Collect, followed by a Happy New Year to all.

Mrs. Gerald Brooks read the December minutes and Mrs. J. L. Donohoe gave the financial picture.

The correspondence included thank you messages from several who had received boxes of Christmas cheer, when twelve people had been remembered.

Mrs. Austin S. Zoeller, President F.W.I.O., in her special message hoped that the members would attend Branch meetings regularly, also the District Annual and Area Convention. She said: "F.W.I.O . is seeking continuing support of the 75th Anniversary Project for the expansion of Macdonald Institute at Guelph. It is hoped all the Branches will donate to this worthy cause each year."

The pooling fee for the Officers' Conference in April will be forwarded and a member will plan to attend.

A committee was appointed to make plans for catering to a banquet later this month.

A pot luck supper for all the River Valley community will be held Saturday evening, February 14th, at the Centre.

Thanks were expressed to several members who have assisted with improvement at the Centre, especially Kenneth Morrow for providing a nameplate outside, and Sheldon McIntosh for repair work.

Mrs. Vernon Harry will be hostess for the February meeting, based on Resolutions and Canadianization.

Mrs. Percy MacMullen, Friendship Link Secretary, distributed the Christmas gifts of individual purse calendars from Abbots Leigh W.I., and displaying the card of greeting and the book, entitled "The Living Village", by Paul Jennings. In her brief synopsis of the book, she said: "In 1965, the Golden Jubilee of Institute work in England was commemorated. The National Federation of Women's Institutes asked each branch to compile a scrap book of historical interest for the competition. There were 9,000 branches with 461,000 members and 2600 books were sent in to be judged. In 1967, Paul Jennings travelled 10,00 miles by caravan and viewed 127 of the winning books in various counties. From this history, he compiled, early in 1968 the book entitled "The Living Village". It contains a wealth of information, telling of days gone by and life in England in 1965. The writer gives vivid descriptions of the various books that he was able to read and the excerpts that he copied is a veritable treasure house of interest."

The President and members voiced thanks to their Link Institute in England for the gifts. Mrs. MacMullen will write to Abbot's Leigh Link Secretary at an early date.

The A.C.W.W. Secretary reported $1.50 in the jar for December. Kenneth Hoard gathered "The Pennies For Friendship."

One new member joined at this meeting, Mrs. Raymond McConnell, for the 1970-71 year beginning April 1st. Plans were completed for Summary Day on the theme "The Main Dish Makes the Meal" to be held January 13th. Two of the members recently had the misfortune to fracture bones and another has been in hospital. They were unavoidably absent. We hope they will soon recover

Programme

Mrs. Stanley Irwin presided over the programme and the Roll Call was answered with "A Safety rule in the home"

Mrs. Ed Kent read the Motto on the theme "No one gets eye strain from looking to to the bright side of life". Our eyes are considered to be the windows of our minds and each individual sees things in varied ways. Smiling eyes radiate warmth and each one should share joys and blessings with others.

The president introduced Mr. George Rhynsburger, By-Lay Enforcement Officer for the Village of Stirling. He gave a very informative message on the vast subject of safety, which in reality means freedom from danger on risks. He listed his message under various headings and passed along numerous points of interest.

Snowmobile safety for across country trips first means test the machine to be in good working order and no one should ever travel alone. Be sure you have fuel, food and that you know your area.

Electricity — Several don'ts were stressed which included never overload outlets, and never touch bare wires. Safety at home includes a screen in front of your fireplace, don't have loose mats, don't clutter up stairways and always use a stepstool or a ladder. Fire prevention centre around a clean basement, two exits available in your home a fire extinquisher etc.

Mrs. Claude Tucker voiced appreciative thanks and made the presentation of a gift.

Mrs. H. Morrow contributed a piano selection and Mrs.s C. Tucker read a humorous poem.

The meeting closed with the Institute Grace after which the lunch committee and hostess served refreshments. Following the social hour Mrs. Alex Bush voiced appreciative thanks to all who had contributed to the success of the afternoon.

Stirling Women's Institute

The first meeting of the new year was held at the home of Mrs. Clifford Clancy, the president, with a very few out as a number of members are ill.

The president opened the meeting with the Ode, and Mary Stewart Collect and Lord's prayer.

Five members and one visitor answered the roll call with "Something I'd like to accomplish this year".

Our young man gathered the collection and Pennies for Friendship.

Mrs. Grills thanked the W.I. for sympathy card sent to them when Mr. Grills' father died. A thank you note was also read from Mrs. A. Tanner for card and money for heart fund sent at the time of Mr. Tanner's sudden passing. Mrs. Morley Ayrhart informed us we have quilted or tied 15 quilts since April and still more to do.

Motion was made for secretary to write Mrs. Maurice Heath and thank her for patches sent to us and we will be glad to have more if she cares to send them.

Mrs. Ayrhart gave a wonderful paper on Home Economics. She said Home Economics composes various subjects as Handycrafts Thrift, Health and Home Management, etc.

Try this for pep — Juice of one orange, juice of half a lemon, yolk of a raw egg well beaten and one teaspoon strained honey, may be taken 2 or 3 times a day, builds up energy.

Now one to sleep on — Juice of half a grapefruit and one teaspoon honey. Take just before retiring should relax nerves and help you sleep.

Breakfast should be our most important meal. Breakfast skippers are more subject to disease, make more mistakes in offices etc. and students make poorer grades. Many sociologists blame many family fights and even divorces on poor breakfasts.

Mrs Everett Cooke put on a contest "Birds names".

It was noted that 28 boxes of clothing, quilts and etc. was sent to Scott Mission, Toronto in December.

The meeting closed in the usual way with Mrs. Clancy and Mrs. Cook serving lunch including a delicious Christmas cake.

Mrs. F. Smith thanked the hostess and all others who helped make this meeting helpful to all.

Rylstone W.I.

The Agriculture and Canadian Industries meeting of Rylstone Women's Institute was held in the W.I. Hall, on Wednesday, January 7th, with Mrs. Jack Watson as hostess, assisted by Mr. Gerald Petherick. Despite the icy condition of the roads, there were eleven members and five visitors in attendance.

The Institute Ode and Creed opened the meeting, with Mrs. Lindsay Anderson presiding. The roll call was answered by "What Qualities Make A Good Farmer's Wife". There was some discussion on Summary Day for the short course, "The First Course Makes The Meal". So far, no one has been chosen to attend. To date, there have been no volunteers for Club Leader, for 4-H Club, or delegate to the Conference at Guelph, in May.

Mrs. Hector Arnold gave the motto :"The Farmer is God's Partner In Giving the World the Food It Must Have".

The topic, "Everyone Works With Father in the Greatest of All Industries — Farming", was ably given by Mrs. Murray Meiklejohn. Short readings were given by Mrs. Earl Brunton and Mrs. Ray Stewart. Mrs. Earl Brunton also presided at the piano in the absence of the regular pianist.

There was a splendid display of smocking and other arts and crafts.

The meeting closed in the usual way and lunch was served by the hostess and her assistants

St. John's ACW

St. John's A.C.W. held their regular meeting in the Parish Hall, on January 5th. The new president, Mrs. McArton, opened the meeting with a devotional period.

Several items of business were discussed, including catering to dinners and the annual Pancake Tea, on February 10th The time of the meetings came under discusion and it was decided to try starting the regular meetings at 1.30 p.m. Reports were given regarding social service work at Hastings Manor. Mrs. Green reported on the Pakistan Embroideries and read a letter from the founder. A request from Mrs. Weatherell for gowns for the Junior Girls Sunday School Choir was accepted. Mrs. Green gave two readings.

Summary Day "The Main Dish Makes The Meal"

By Mrs. P. MacMullen

On Tuesday afternoon, January 13, one hundred and thirty-five women attended Hastings County Summary Day in Stirling Community Hall.

The Senior Training Course for Women's Institutes on the theme "The Main Dish Makes the Meal" was taken by fifteen Institutes who sent leaders to learn the fundamentals at a two-day leadership training course in October 1969 in the Stirling Legion Hall.

Mrs. Jean Winfield, Food Specialist from Toronto conducted the course sponsored by The Home Economics Branch of the Ontario Department of Agriculture and Food.

The Summary Day program gave a descriptive account of how each group presented their course in their own branch meetings.

Miss Mary MacEarchern, Home Economist for Hastings County welcomed the group. The leaders and their assistants were presented with their badges.

Mrs. Ralph Carlisle was chairman for the afternoon. She introduced Miss Barbara Woods of Belleville, Home Economist with Ontario Hydro. Miss Woods demonstrated four good items — Chicken loaf in an electric toaster, skillet supper in an electric fry pan, Raspberry ribbons and Gourmet Coleslaw using electric blender for each. She also gave much helpful advice re using the various electrical appliances and Hydro books of recipes etc. were available.

Members of the fourteen groups who were in attendance gave various reports and suggestions, also humorous skits and song which were of interest to all. The groups participating were alphabetically, Bethel-Zion; Cooper-Remington; Harts-Riggs; Ivanhoe; Marmora; Madoc; Plainfield; Queensboro; River Valley; Roslin; Sidney South; Uniondale; Wallbridge and Wellmans.

Mrs. Winfield congratulated the leaders on their part in passing the knowledge on the other leaders. She felt everyone had benefited from this course. A booklet of recipes from various branches was available for the group to carry home a souvenier of their course. Special thanks was tendered to Uniondale Institute for their assistance in completing the book.

At the close cookies and coffee were served and a social half hour enjoyed.

IT STILL PAYS

Evidently a lot of people feel honesty should be rewarded in these days when so many seem to be looking out only for themselves. At any rate, when a 13-year-old Boston lad found $1,000 while playing in an empty garage near his home, he turned it over to the police. This despite the fact that his father had been out of work for months.

That was several weeks ago. Since then, the boy has heard from people in distant cities and states. They sent checks for small sums and large (one dollar to 500 dollars). To date the boy has received about $1,000 — or as much as he had found. And his dad has received job offers, even a proposal to train him for a new trade.

The turnabout for the boy and his family doesn't surprise those citizens who have practiced the humble but practical dictum that honesty is the best policy. Whether they get back in kind what they selflessly give out, such folk have the great reward of knowing that the resources of the world are abundant, and that they need never lack. — Christian Science Monitor.

Speaking Out -- An Article On Edgar Hay-Ellis

(by Bill McInerney)
In the Elmvale Lance

Editor's Note — Mr. Hay-Ellis was a former teacher at the Stirling-Rawdon District High School.

It isn't often that this space is used to hand out bouquets to anyone. But this week is one time. It is really strange how seldom we recognize the truly fine people we have in our midst. (until they have departed, that is). It is this writer's intention to recognize one who is and has been a leader in this community for some years and whose contribution will never be fully assessed because it is so wide-ranging.

A number of years ago, the Elmdale District High School was in dire straights as you no doubt can recall. The discipline was terrible, the turn-over of teachers each year almost total, the quality of instruction poor. Then, like "manna from heaven" came Edgar Hay-Ellis. And though the tendency is to take good people for granted, he must be recognized as the back bone of that institution and of a number of others which he has joined over the years.

No doubt, like every other public figure he has some detractors, but I have met very few In word and deed his associates recognize him as a man of great integrity and ability. Perhaps the group closest to him every day, his staff, are the people who would know him best. The greatest tribute they could pay him as a principal and a person is their loyalty. As you are quite aware, teachers are free to move from place to place in search of better working conditions. And they often do. But over the last few years, the turnover of staff has been almost nil in this high school. In talking to staff members, it is found to be in no small measure because of Edgar.

His students enjoy him immensely, and what's more, he enjoys them. He has a real genius for handling people and a genuine sympathy for their problems. I've heard many teachers being castigated by students in the traditional manner. But strange to say, I've never heard his name "taken in vain". The spirit in the school has improven terrifically since he came. One gets the feeling that his enthusiasm is infectious.

A person like Edgar could be satisfied to concentrate his efforts just on his rather heavy school responsibilities and he could hardly be criticized for it. But he has not. He has joined and been extremely active in many organizations. His church work is well known. He has been one of the mainstays of the excellent Choral Society. The Chamber of Commerce has also benefited from his membership. And he perhaps has other interests which a casual observer like myself doesn't even know about.

And that's another thing about this fine man. He is not flamboyant. He does not strut. He works hard. He is gracious, and he is humble. He will probably wonder what ever possessed this writer to recognize him in print. The term 'gentleman' is not in fashion these days. To be thought a gentleman is no great honour among men. But a true gentleman is Edgar Hay-Ellis. We could use many more like him.

I trust he is not too embarrassed by this piece. If we had a "Man of the Year" contest, I would nominate him immediately, because it can truly be said of him — "JOLLY GOOD, EDGAR".

STIRLING HORTICULTURAL SOCIETY

Poinsettia — When flowering is over the plants should be dried off and allowed to rest in a warm place for 3 or 4 months; then they can be cut back, brought into light and heat and in May, forced into growth to supply young cuttings.

Youth Is Not A Time of Life It Is A State of Mind

IS IS NOT a matter of ripe cheeks, red lips and supple knees, it is a temper of the will, a quality of the imagination, a vigour of the emotions, it is a freshness of the deep springs of life.

YOUTH means a temperamental predominence of courage over timidity, of the appetite of adventure over the love of ease. This often exists in a man of fifty more than in a boy of twenty.

NOBODY grows old by merely living a number of years; people grow old only by deserting their ideals. Years wrinkle the skin, but to give up enthusiasm wrinkles the soul. Worry, doubt, self-distrust, fear and despair . . . these are the long, long years that bow the head and turn the growing spirit back to dust.

WHETHER seventy or sixteen, there is in every being's heart the love of wonder, the sweet amazement at the stars and the star-like things and thoughts, the undaunted challenge of events, the unfailing child-like appetite for what next, and the joy and the game of life.

YOU are as young as your faith, as old as your doubt; as young as your self-confidence, as old as your fear; as young as your hope, as old as your despair.

IN the central place of your heart there is a wireless station; so long as it receives messages of beauty, hope, cheer, courage, grandeur and power from the earth, from men and from the Infinite, so long are you young.

WHEN the wires are all down and the central place of your heart is covered with the snows of pessimism and the ice of cynicism, then you are grown old indeed and may God have mercy on your soul. — Author unknown.

Borrowed Money

The Senior Citizens extend to Nellie Montgomery and family their sincere sympathy in their recent bereavement. Duncan was one of our very respected members and we will miss him.

The attendance last Thursday was smaller, due to the very cold weather. Someone reported that he had to build a fire around his cow before he could milk her. We were happy to welcome the Rev. and Mrs. W. Cox who frequently visit our Club. Come again — you always cheer us up.

Well, our security cheque will be up $1.50 in January. Don't depend on the Government taking care of you though. Look what happened to the Indian. Most people would be glad to attend to their own business, if the government would give it back to them. I guess all governments are something like Christopher Columbus. He didn't know where he was going and when he got there he didn't know where he was, and he did it all on borrowed money.

The big thing today is split-level homes. Thirty years ago, if you lived over a garage, you kept quiet about it.

CANADIANA AT THE STIRLING PUBLIC LIBRARY

"I am an Indian", edited by Kent Gooderham, is an anthology of stories, poems and songs, illustrated and written by Canadian Indians of many tribes. Readers may share the thoughts and outlook of the Indian people, their traditions and hopes for the future, in this absorbing collection, and perhaps come to a new and better understanding of the problems facing all Canadians.

Nan Shipley's "Anna and the Indians" is another interesting and factual piece of Canadiana, and is the thrilling and true story of Anna Gaudin, the wife of a pioneer missionary in Northern Manitoba.

"Poetry 64" is an anthology of the new poetry being written in Canada today by sixteen young French and English speaking poets, including Margaret Atwood, Frank Davey, Francoise Bujold and others.

Another collection is 24 short stories, "Hugh Garner's Best Stories", including "The Conversion of Willie Heaps", written and published over a period of years, and winner of the Governor General's Award.

"The Masseys, Founding Family", by Mollie Gillen, traces this famous family through many generations, from the sixteenth century to the present, and this, again, contains many fascinating glimpses of Canada's past.

"TheLure of Quebec" by W. P. Percival, is a picture of the history of Quebec City, and also an up-to-date guide to her places of interest, new and historic.

Other new books of particular interest are "Brant County", a history by Charles M. Johnston, "Life in Ontario, a Social History," by G. P. de T. Glazebrook, and "The Seven Rivers of Canada", by Hugh MacLennon.

Many new books are on our juvenile shelves, also, from picture books for the youngest readers, to stories of adventure, sport, mystery, and romance for young people, so — Happy Reading!

County Planning Area This Year Goal of Hastings County Warden

Consideration of regional government and the establishment of a county planning area are two of the most pressing problems to face the 1970 Hastings county council.

This was the claim Tuesday of the new county warden John Wilkes, reeve of Marmora and Lake townships, as he formally accepted his robes of office.

Mr. Wilkes was chosen warden of the county over two other aspirants Reeve Barbara Allen of Tweed, and Reeve Carman Gibson of Tyendinaga township.

"County councils are at crossroads." observed Warden Wilkes in his inaugural speech. as he referred to the gradual erosion of county responsibilities. He noted that administration of justice and now assessment has been taken over by the province.

"We must look to regional government and to the establishment of a county planning area." he said.

Hopefully a county planning area could be established this year, he said

Warden Wilkes welcomed the many visitors to the inaugural council session.

The new Hastings county warden. who takes over the reins of office from last year's council head reeve Donald Rodgers of Stirling. is commencing his 25th year of uninterrupted service on his township council — 14 as councillor and 11 years as reeve.

He is the first county warden from Marmora and Lake in more than 100 years of county history.

Hastings MLA Clarke T. Rollins described county government as the "grass roots" of all government. noting that in the Ontario Legislature it was easy to spot members who had had experience at the county level.

Referring to regional government Mr. Rollins expressed the hope that Hastings county could be retained as one unit of government.

Congratulations were also extended to the new warden by MP Lee Grills who commented briefly on federal matters.

He said the area unemployment office at Kingston was not giving good service and that he was on the phone every day helping claimants. Referring to the closing of many post offices, Mr. Grills said this was to be expected in the case of many small offices, but he thought in many cases the department was "going a little beyond their bounds."

Prince Edward county warden Gordon Lloyd also atended the Hastings council inaugural.

He said his county was also concerned with regional government but suggested his county had problems different from that of Hastings.

"Prince Edward county is an island," he said. "The Bay of Quinte is wide and I can't see it getting any narrower."

Mr. Lloyd visualized a one tier form of regional government for his county.

More Than 200 Years Community Service

More than 200 years of combined community effort is the record set by the Duncan family, who like to call Stirling their home town and still promote the Quinte area when the opportunity arises. Officially they are all retired but still actively promote the area they call home. Jack Duncan, retired sales manager of the Wilson Munroe Paper Company, Toronto, and still a director of Scarborough Golf and Country Club still, promotes the tri-county area and makes frequent visits to this area William Neville Duncan, retired from the Unemployment Insurance Division of the Civil service, now 80 years old, is also a frequent visitor to Quinte Isle and the Highlands of Hastings. Mabel who travels to many parts of the continent is also a promoter of the areas she calls home.

When John and Maria Duncan arrived in Canada as British immigrants in 1907, they first settled in Deseronto and later in Stirling, before they moved to Toronto. The eldest son began his working career as a blacksmith apprentice with the late David Burkitt, in Stirling. He relinquished this career as he returned to school to study for the Presbyterian Ministery. The Duncan brood were all Christened in St. Andrew's Presbyterian Church, Stirling, by the late Dr. Fr. A. Robinson. There were William, Jack, Doris, Frederick, Arthur and Mabel.

While all the family moved to Toronto, one remained in the territory and is still active here. Arthur Duncan, who for 27 years was Public Relations Officer for Bata Shoe Company of Canada Limited, joined the rest of his family in retirement on January 1st, 1970.

Perhaps the best known member of the family in this territory, Art is widely known for his dinner speeches, having delivered more than 1500 dinner speeches to services clubs, lodges, Legions and Conventions, in many parts of Canada and U.S.A. This service, he will continue as long as there is demand.

Within the next few weeks, he will be speaker at Holloway St. United Church Cangregational meeting, Jan. 27th. He will also be one of the convention speakers at the Canadian Fire Insurance Underwriters Association at the King Edward Hotel in Toronto. The National Convention of the Canadian Roofers' Association will also hear him at the Skyline Hotel, Toronto and the Bankers' Association, of St. Catharines, will hear him at the annual meeting on Feb. 11th. A local branch of the Credit Union will feature him as guest speaker and a Kingston Hospital will present him as dinner speaker at its annual meeting.

He hopes to continue this work, yhich provides the opportunity of promoting the Quinte District, the Trent Valley Area and the territory he calls home. He will continue to live in Batawa and be on call for any comunity service he can render, particularly in the area of sports and recreation. His interest in Canadian Citizenship Court will also continue. In this work as Canadian Citizenship councillor he has sponsored more new Canadians in Hastings Citizenship Court than any other individual.

Began with Intelligencer

Art Duncan has spent most of his life in the field of journalism and Public Relation fields and began his journalistic career as a staff writer for the Intelligencer. Since taking over the editorial duties and Public Relations management for the Bata Shoe Company, he has produced more than seven million copies of a daily information bulletin for Company employees and employee service that has continued for 27 years.

While official retirement will take him out of the industrial stream of routine work, he will no doubt continue to be in constant demand as a dinner speaker. Introduced recently in New York to an international gathering of Kiwanis Clubs, he was called an outstanding humorist, poet and philosopher. His blending of good humour and sound thought make for easy listening and wherever he goes he will take a touch of Quinte District with him.

Ability Fund Campaign Asks Gift For Common Good

The first campaign for funds under the banner of its new symbol — an evergreen tree with a branch missing — is to be held by the Ability Fund, the new name for the March of Dimes.

In Rawdon Township, the canvassers will be calling at homes during the next few days, under the chairmanship of Mrs. Hazel Mumby, of Spring Brook.

Work for the disabled is the main objective. The Ability Fund carries on other activities, such as sponsoring research into some of the basic cause of disability, and providing appliances such as wheel chairs, crutches and special lifts for those handicapped who are not able to leave their homes and therefore do not qualify for assistance by the government.

Finding out what abilities a disabled person has and what he is able to do with them to at least partially support himself — this is the main function of the organization.

The reason is our conviction that being able to do work of some kind, and be paid for it, is the best way to make a disabled person feel he or she is part of the community.

Th rehabilitation is to help the handicapped to join or rejoin society and feel they belong to it, along with all their able-bodied neighbours.

To carry out its function, the Rehabilitation Foundation for the Disabled, which sponsors the Ability Fund Campaign, uses psychological assessment, workshops and job replacement.

If you know of anyone who could benefit, contact your local chairman or write direct to Rehabilitation for the Disabled, 12 Overlea Blvd., Toronto 17, Ontario.

Bank Robbers

Two youngsters were discussing piggy banks.

"I think it's kinda childish to save money that way," little Tommy said.

"So do I," replied little Mary. "And I think it encourages children to become misers.'

"That's not the worst part of it," replied Tommy. It also makes bank robbers out of parents."

IN MEMORIAM

RODGERS — In loving memory of a darling husband and father, who passed away January 29th, 1958.

I am sad within my memory,
Lonely is my heart today;
For the one we loved so dearly
Has forever been called away.

No eye can see us weep,
But many silent tears are shed
When others are asleep.

— Sadly missed by wife, Nancy, and sons, George, Bob and Virginia 4-1p

Hastings County Warden "Shocked At Bad Relations" With City

Hastings county warden John Wilkes has voiced strong objection to the statement of Belleville Mayor J. Russell Scott in Trenton on Monday when he urged action to stall off provincial legislation which might tie the two municipalities together "in an old county set-up . . . "

Speaking on regional government at the Trenton Rotary Club, the Belleville mayor was quoted as saying "a county as such is not qualified to run the communities of Belleville and Trenton."

Yesterday in a statement to council members at the close of their inaugural session, Warden Wilkes said he received the shock of his life at the remarks of Mayor Scott.

"I didn't realize that relations between Belleville and the county were as bad," he said.

"I am certain that such is not the case and that most of our differences really result from misunderstanding rather than friction between our communities."

Warden Wilkes said the county bore no ill will whatsoever toward the city and said this was proved by the county's willing participation in many joint functions which serve to benefit "all citizens in our total community."

As examples of county-city co-operation the warden pointed to the Belleville General Hospital, a project which he said neither municipality could have undertaken alone.

"The county is quite happy to have this institution located in the city. We will continue to share to the extent of 35 per cent in all capital expenditures."

Other examples of co-operation between the county and Belleville were listed by the warden.

These included the Hastings and Prince Edward Counties Health Unit, which is a joint operation with Belleville, Trenton and Prince Edward county; the county social services department, which again is a joint operation between the county, the city and Trenton.

Another joint co-operative effort between the city and the county was stated to be the county - owned Hastings Manor.

"This council only recently approved a policy that would permit residents from Belleville and Trenton to be admitted to these institutions (at Belleville and Bancroft) at the same cost as county residents."

The warden said that Trenton has no equity in the cost of either of the county's two homes for the aged, while Belleville has shared in the cost of Hastings Manor only to the extent that they are entitled to 71 beds.

The 71 beds do not meet Belleville's needs in this service and Warden Wilkes said the county felt it was being most generous in its offer.

"I could mention many more fields of joint endeavor, but these are probably some of the more important," said Warden Wilkes.

For instance, he said, there was a joint airport committee.

Also the county had made efforts to have a joint planning area established.

"We have been attempting to do this (establish a joint planning area) for several years, and it was only after several fruitless attempts and after being advised by our neighbors that they were definitely not interested in a joint operation that the county made application to have the county defined as a planning area."

Warden Wilkes said that all of these serve to improve the services that local governments were either required to provide, or wished to provide to citizens.

"Neither the county, nor any of its administrative personnel, has any desire to try and control the destiny of our neighbors. We are not trying to build an empire, but are simply attempting to provide . . . the best possible service to our citizens.

"He thinks we can best do this by co-operation with neighboring municipalities and not playing the role of the adversary," the warden continued.

"He also believes that by standing united as a county, we can provide a standard of service to our smaller municipalities that they can not provide on an individual basis."

"Although there are those who would like to see us divided and thereby weakened, we will not be divided," declared Warden Wilkes.

ICE FISHING

Ice fishing has been under way now for several weeks and one can see several shanties on the Trent River near Glen Ross. These shanties or huts are designed and built for the comfort and convenience of the angler. Most of them contain a small heater or stove, benches or chairs and a wooden floor, in which two or more holes have been cut. The holes are cut in the ice to match up with the floor holes then the shanty is pushed over them until they line up. These buildings should be dark inside to enable the angler to see into the depths below where he may view many different species of fish. However, only a small percentage of these finny, fascinating creatures can be persuaded to bite. By scraping the snow from the ice surface, thereby allowing sunlight through, one can greatly improve the illumination beneath the ice.

In contrast to the comforts of the ice shanties, many anglers fish in the open, thereby facing the elements which sometimes are pretty severe. Unprotected fishing holes will freeze over rapidly and must be checked constantly and kept open. Also the fisherman cannot see what is happening below so he must have a delicate sense of feel to detect the slightest nibble or strike.

Speckled trout were biting very well on the week end. Some very fine lake trout have been caught recently in the northern parts of the county.

Letter To The Editor

Deseronto, Ont.

Dear Sir:

I read with great interest the article in the January 21st edition of the News-Argus, entitled "Speaking Out — An Article on Edgar Hay-Ellis", by Bill McInerney from the Elmvale Lance.

I would like to add a bravo to Mr. McInerney for recognizing in print the great qualities of this fine man. When Mr. Hay-Ellis left Stirling to accept a teaching position in Elmvale, this community lost not only one of its most outstanding citizens, but also a teacher of superior worth who will never be forgotten by his former pupils.

He was very enthusiastic about his work, and his enthusiasm was indeed catching. He spoke to us as one adult to another and in this way helped to bring forth some of the responsibility that sometimes seems to be so lacking in high school students. For this reason, there was never a discipline problem in his class.

Being a member of the same church as Mr. Hay-Ellis, I also appreciate his contributions to Stirling as a citizen, particularly concerning his work in the church.

Mr. McInerney stated that we seldom recognize the truly fine people in our midst "until they have departed, that is". I agree wholeheartedly with him and I can only hope that if Mr. Hay-Ellis happens to see this letter he will realize that many people in Stirling, and former residents, such as I, would also like to say: "Jolly Good, Edgar".

Yours truly,
Susan McArton, a former pupil

Residential Tax Reduction Program To Be Continued

The Ontario Government has announced the continuation of its Residential Property Tax Reduction Program.

Municipal Affairs Minister Darcy McKeough said: "Although there have been a few problem areas, the program has worked well since it was introduced in 1968. Research shows that, in the present circumstances, this program is the most effective way available to the Government for directly relieving the burden of property taxes on homeowners and tenants in the Province."

The Minister added that "if a more flexible system of personal income tax can be introduced in the future, it is possible that the burden of property tax could be mitigated through a closer intergration of the personal income tax and property taxes."

Experience has shown that the "basic shelter exemption" as recommended by the Ontario Committee on Taxation tended to give proportionately more relief to those areas where property values and the level of local taxes are low, Mr. McKeough said.

To provide more equitable assistance, particularly to residents of municipalities where the average tax burden is highest, the method of calculating the amount of the reduction has been changed. In future, the tax reduction will be calculated by using a simple two-part formula. For 1970, the tax reduction will be a standard sum of $30 plus 10 per cent of the average residential tax paid by householders in that municipality.

Mr. McKeough said the basic sum of $30. represents a standard contribution by the Government towards the cost of all municipal services while the 10 per cent of the average taxes paid give a greater relief to the residents of municipalities with relatively high tax rates.

"The majority of taxpayers will receive a greater benefit in 1970 than they did in 1969. However, there will be some taxpayers whose tax reduction in 1969 was considerably more than the rebate due in 1970 under the new formula," he said.

"In order to avoid undue reduction in the amount of the payment, it is proposed that no taxpayer will lose more than $5 in the rebate as compared to 1969. Similarly it has been decided to place a ceiling of $15 on the amount of the increase in tax reduction payable to any taxpayer. These proposals are based on reductions for a full year. Proportionate adjustments will be made for householders entitled to the benefit for part of the year only," Mr. McKeough said.

As in 1969, no taxpayer will receive a tax reduction exceeding 50 per cent of his taxes for any property.

STIRLING HORTICULTURAL SOCIETY

An occasional sprinkling overhead or dipping in a tub of water will serve to remove dust from the foliage of ferns grown in the house, and also to promote their more healthy growth. Palms should be sponged.

Under the program, total payments will increase by 9 per cent over 1969 to an estimated $136 million in 1970.

The program will continue to be administered through local municipalities. Mr. McKeough said that he expects most municipalities will have made their calculations by the end of March. Special arrangements will be made with his Department for areas such as Niagara and Thunder Bay in which the municipal structure was substantially changed during the preceding year.

To be eligible under the tax reduction system, a tenant or home-owner must occupy a separately assessed dwelling.

Home-owners who make regular payments for taxes to their mortgage holder will, as in prior years, have these payments adjusted to give effect to the tax reduction.

Tenants will continue to receive their reductions from their landlords. Landlords must pass the reductions on to tenants on or before December 31, 1970. Tenants who move in or out of an apartment during the year will receive a proportionate amount of the reduction based upon the length of tenancy.

The Past Shapes The Present

By C. J. Harris

Many of us in Canada may tend to ignore it but it is a fact that just as the present shapes the future, the past shapes the present. And the value of being able to physically experience it — was a point made by Ontario Premier John Robarts in his remarks at the recent opening of the Museum of the Upper Lakes on Nancy Island, Wasaga Beach.

"We live in an era of rapid social and technological revolution wherein we must increasingly look to our history for roots and stability," Mr. Robarts said. "Indeed, the past gives shape and substance to our society. This is the larger role of this museum and other Heritage Projects like it which we are developing throughout Ontario."

The new museum, like other Heritage Projects in the Huronia area, certainly gives substance to the past. The visitor starts out in an electronic theatre where light and sound tell the story of the Nancy, the supply ship sunk in the Nottawasaga River during the War of 1812, whose crewmen rowed 360 miles in open boats to surprise and capture the two American naval ships that had sunk the Nancy.

Not far from the new museum is another link with the past—the British Naval and Military Establishments at Penetanguishene. Governor Simcoe established the naval headquarters here in 1793 and it was in continuous use until 1856. Now being restored and reconstructed by the University of Western Ontario, the Establishments carry a visitor back to the days when British forces garrisoned Canada. The quaint old garrison church of St. James-on-the-Lines, built in 1836, is preserved and still in use.

The major project in Huronia provides total recall of an earlier era. This is the remarkable restoration of Saint-Marie among the Hurons. Started in 1639, this was the first European settlement in the interior of Canada. It was the headquarters of the Jesuit mission to the Hurons, and St. Jean de Brebeuf, one of the martyred saints is buried here. It existed for only ten years, then was burned by the Jesuits to prevent it falling into the hands of the warring Iroquois.

This is Saint-Marie exactly as it was, a Norman town built in the wilderness. There are the dwellings, the churches, the blacksmith shop and the carpenter shop. There is the granary and the barns, for this settlement, 800 miles from Quebec, had to be self sufficient. Incredibly, the Jesuits and their lay workers even brought livestock by canoe, over 50 portages. The Saint-Marie restoration is as exciting as anything of its kind on the continent.

The Heritage Projects of Huronia really do give substance to our past.
